Subject: FYI Fw: Contact Info

This is the contact information concerning the individual that protested D. Askanase's petition to the court for IKON to proceed. As explained, Lacy said that his company (?) loaned CES \$800,000.00 years ago. I do not remember the company's name but did check it out when informed by Askanase. The company was formed in 2009 and closed in 2012. After talking to Chad I have personally come to the conclusion that he is a broker looking for work. Askanase has informed him that he has until Wednesday (6/25) to submit his proposal for the cleanup and I have informed him that all disposal activities will have to be approved by me and meet all applicable Federal & State regulatory requirements. As always, it was great talking to you this evening and feel free to contact me 24/7 for emergencies or between 5:00 am and 9:00 pm for non emergencies.
